Work Experience

Moregift Company | start-up (Canada)

Jan. 2024 – June 2024

Front End Developer Intern

Remote

- * Developed and designed web applications by writing efficient, maintainable and well structured code using HTML, CSS, and JavaScript.
- * Built and maintained responsive and user-friendly interfaces with frontend frameworks like React.js and Next.js.
- * Documented development processes, and project progress to ensure clear communication within the team.
- * Assisted senior developers in building complex features and troubleshooting issues within the codebase.
- * Worked closely with design and backend teams to integrate frontend elements.
- * Implemented best practices for web performance optimization and SEO principles.
- * Conducted thorough testing and debugging of web applications for efficiency and cross-browser compatibility.
- * Knowledge of backend development technologies such as Nodejs, python, MongoDB and RESTful API.
- * Translated design mockups and wire frames into functional code and interfaces.
- * Maintained version control using Git and GitHub.
- * Participated in code reviews and daily stand-up meetings, contributing to agile development processes.
- * Collaborated with developers to set up projects, webpaks, babel, Eslint and node package manager(npm).
- * Stay up-to-date with frontend technology trends.

Projects

E-Commerce Website | *React.js, CSS and Redux*

May 2023

- * This e-commerce website allows users to purchase cars, including seamless features such as add to cart functionality.
- * Various navigation views, user authentication, and privacy measures.

Blog Website | *React.js, CSS, Context API, Material UI*

August 2023

- * Blog Website: In this versatile blog website, you stay informed and entertained. Check the latest weather updates.
- * Read dynamic engaging posts on various topics, and dive deeper into single posts for detailed insights.

Moregift's financial portal website | *Next.js, TypeScript, Sass, Material UI*

Feb; 2024

- * This website informs end users about the financial services offered and provides navigation to the mobile app for full service access. User-friendly interface, real time update on financial products.
